

District Attorneys' Retirement System

REQUEST FOR ESTIMATE - REGULAR / BACKDROP/ EARLY / VESTED

All estimate requests must be made by completing this form in its entirety and faxing or mailing it to DARS. Must be within 2 years from eligibility to request an estimate. Members can obtain one free estimate per year, completed in house. In House estimates are typically within 5% of actuarial estimates. Members may choose for estimates to be processed by the DARS Actuary, instead of processed in house, for a \$250 fee for one estimate, and an additional \$200 for additional retirement dates. Any additional estimates within 12 months of your last estimate will incur a \$250 fee due with request and will be performed by the system actuary. All estimates are non binding and subject to recalculation at retirement. Checks for actuarial estimates may be made payable to DARS. Please allow 2-4 weeks for your estimate.

**Estimates are computed in compliance with LA Revised Statutes Title 11 Sections 1-192 and Sections 1601-1702

PLEASE PRINT

Option 1 – Retiree paid an allowance reduced from the Maximum. If the retiree dies before they have received in annuity payments the value of the participant's annuity at the time of retirement, a lump sum balance is paid to the designated beneficiary. After 10-15 years, the annuity is usually exhausted which causes the member to take a reduction for his/her lifetime and the beneficiary does not receive a refund. Spouse must complete the Spousal Consent form.

Maximum Plan - Pays largest monthly benefit retiree is eligible to receive but does not provide for a monthly benefit to be paid to a named beneficiary after the retiree's death. Spouse must complete the Spousal Consent form.

Option 2 - Pays the retiree a monthly benefit that is reduced from the Maximum. Pays the same monthly benefit for life to the named retirement beneficiary after the retiree's death. The benefit is based on the ages of the retiree and his/her beneficiary. The beneficiary may not be changed after retirement. I hereby apply for retirement under the Option 2 plan.

Option 3 - Pays the retiree a monthly benefit that is reduced from the Maximum. Pays 50% of the monthly benefit for life to the named retirement beneficiary after the retiree's death. The benefit is based on the ages of the retiree and his/her beneficiary. The beneficiary may not be changed after retirement.

Option 4 – Member receives reduced benefit in order for a designated beneficiary to receive a set monthly benefit. Calculated by DARS Actuary.

BACK-DROP - In lieu of receiving a full-service retirement allowance, an active contributing member who has accrued more years of service than are required for a normal retirement and which are sufficient to qualify for the BACK-DROP period selected may make an irrevocable election at the time of retirement to receive a Back-DROP benefit. Accrued service at retirement, utilized for the purpose of calculating the BACK-DROP monthly benefit, is reduced by the Back-DROP period. Final average compensation, utilized for the purpose of calculating the BACK-DROP monthly benefit, is calculated by excluding all earnings during the BACK-DROP period.
